Specification

Type

- Type A: without bores

Stainless Steel **NI**

- AISI 304
- blank **BL**

Pin

- Stainless Steel AISI 304
- riveted

Information

Stainless Steel-Sheet metal hinges GN 1362 are distinguished by their universally compatible dimensions. The materials used also permit applications in aggressive environments.

Type A is fastened via welding or holes created by the customer.

Thanks to the standard dimensions, special application-specific solutions can be realized even in relatively small quantities.
